

# Prince George News

We started the year with thirty girls of all ages, and through various promotions, ended on a positive note with sixty-five girls and enough adults for a Ladies Ringette team as well.

When the Provincial "B" tournament rolled around in February, we were fortunate enough to be able to send a team to represent Prince George in each division. For a young club, we fared very well, and from all accounts, the girls had fun.

Our Mayor, E. Mercier, declared the week of February 14 to 19 as Ringette Week in Prince George, a positive move that inspired 20 more young girls to join our club for the balance of the season.

All the girls and the Ladies team took part in Vanderhoof's first annual tournament.

We finished our season with a fun night for both parents and players on March 26th.

Our 83-84 season started on October 3rd and we are all looking forward to a good year. The highlight of our new season has to be our acceptance into the Northern Winter Games the first week of February 1984. This will be a "first" for Ringette!
